

Place Value Mat Game

Materials needed:

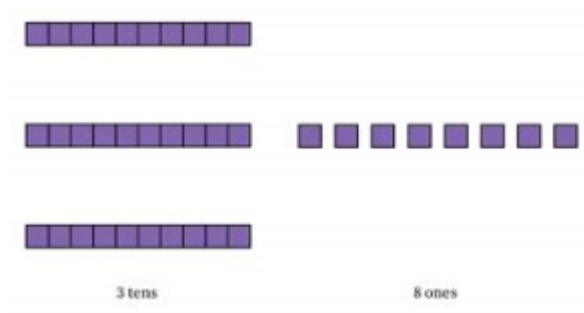

- Place Value Mat
- Ones cubes
- Tens sticks
- Cards 0-9

How to play:

- Turn the number cards over and mix them up
- Pick one card for the tens you will collect
- Pick one card for the ones you will collect
- Place the tens and ones on the mat

Talk about it:

- How can you write a number to go with the number you built?

38

- How can you expand the number? $30 + 8 = 38$
- How can you say/write the number? thirty-eight

Below grade level—play with no more than 5 tens and 9 cubes

On grade level—play as directed

Above grade level—choose a card for ones, tens, and hundreds
