

eSpark provides personalized learning for every student. It is standards-aligned, adaptive reading and math pathways engage students to help them learn at their own level and pace.

- Each eSpark Quest includes both direct instruction and practice activities to teach students key standards through engaging videos, games, activities, and quizzes.
- Students can work on their Quests during center time, as homework, or after they complete their teacher-assigned lesson, so you're never disrupted during small group time.

eSpark can be accessed from your computer or smart device at any time.

Login steps for students:

1. Sign in to Clever
2. Find the eSpark icon

Once logged in, your child can select Reading or Math and continue their learning quest.
