[Cartersville City Schools HB581 presentation](#)

Dr. Feuerbach spent time with us discussing the intricacies of HB581 and how it pertains to us in Cartersville and Bartow County. A called Board meeting was held the following day to make public the stance on HB581.

III. Principal's Report

Local budget was discussed with an emphasis on a few key topics. The addition of a new ELA curriculum and typing program are the only new curriculum additions for 2025-2026. Two things to note are additional requests for funds: stipends for required literacy training for teachers and a purchase of 700 headphones to support both the new literacy standards and fluency screeners. All other components have been allocated for by the current draft of the 2025-2026 budget.
